

OVOX Freeze Form

Freezing your membership is a great way to stay active and keep your current membership rate in place. If you are not planning on using your membership for more than 14 days (medical issue, gone for the summer, etc.), you can freeze your membership.

- Freezes are allowed for any reason.
- Filling out our Freeze Form is required.
- Freeze will begin upon the receipt of your completed Freeze Form or freeze date as indicated below if freeze date is after present date.
- Minimum freeze time is 14 days. Maximum freeze time is 3 months in a calendar year. After 3 months you will return to your normal billable rate. A new freeze form needs to be submitted for each calendar year.
- A monthly freeze fee of \$5.00 will be assessed. (students with student ID can freeze from Jan-May, and again Sept-Dec with no fees by using our student freeze form)
- Memberships cannot be cancelled while frozen.
- Please allow up to 3 business days to process.

Today's Date: _____

Freeze Date to start: _____ (please allow 3 business days to process)

Length of Freeze: _____
